SWORN STATEMENT OF YEO HAN YUN

I, Yeo Han Yun, hereby declare as follows:

My name, residence and citizenship are indicated below.

I am currently a Manager in the Intellectual Property Center for LG Electronics Inc. ("LGE"). From 1999 through 2002, I was a member of the Digital Media Patent Group. My responsibilities concerned patent prosecution and licensing for DVD technologies. As part of my duties in the Digital Media Patent Group, I assisted in the preparation and filing of materials related to reissue application 09/118,824 ("the '824 Reissue Application"), which reissued as U.S. RE38,868 on November 8, 2005.

By late 1999, co-inventors Je Hyung Lee, Mr. Sang Joon Woo and Mr. Tae Seok Yang had left LGE. In connection with my activities related to the '824 Reissue Application, I obtained the signatures of each of the four co-inventors on the

Supplemental Reissue Declaration. The signatures of Messrs. Lee, Woo and Yang were obtained by facsimile. I understand this Supplemental Reissue Declaration was filed on or about December 20, 1999.

In May of 2002, I sought to have a Declaration For Reissue Patent Application To Correct "Errors" Statement (37 CFR 1.175) ("Second Supplemental Reissue Declaration") executed by the co-inventors. Co-inventor Mr. Kim signed personally. I contacted each of the other co-inventors, Messrs. Lee, Woo and Yang, by telephone. They told me that they preferred to complete the Second Supplemental Reissue Declaration over the telephone. In view of their requests, and also in view of my understanding that working only orally would be acceptable, I explained in the Korean language the content of the Second Supplemental Reissue Declaration to each of them, and each of them authorized me to sign on their behalf, which I did.

I understand and believe that the signed Second Supplemental Reissue Declaration was filed with the U.S. Patent and Trademark Office ("USPTO") on or about June 4, 2002.

The procedure described above for signing the Second Supplemental Reissue Declaration on behalf of Messrs. Lee, Woo and Yang with their authorization was undertaken in good faith and without any deceptive intent. I understood at the time that I was simply carrying out the intentions of Messrs. Lee, Woo and Yang as they had communicated to me.

I have now been informed that inventors must personally affix their signatures to their declarations. In view of this information, I am informed and believe that LGE has obtained the original signatures of Messrs. Lee, Woo and Yang on Supplemental Declarations.

I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed by me to be true. These statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of RE38,868 that reissued from the '824 Reissue Application.
